

## The Ocean Book

### How endangered are our seas?

By Esther Gonstalla

#### Description

*The Ocean Book* is full of easy-to-read, beautiful infographics that present the key issues facing our oceans. Rising sea levels, growing rubbish patches and overfishing are putting our oceans in grave danger. Though we love our oceans, we must learn to cherish them. This book will help readers realize how we cause the problems and how we can solve them.
