

Clay and lime renders, plasters and paints

A how-to guide to using natural finishes

By Adam Weismann, By Katy Bryce

Description

This book was previously published under the title *Using Natural Finishes*. With step-by-step instructions for applying lime- and clay-based plasters, renders, and paints, this manual features information on the benefits of natural finishes for personal health, the environment, and buildings. Drawing on traditional methods and materials for using lime and clay finishes on new and historic buildings, the handbook presents design details for using natural finishes to create healthy and eco-friendly homes and buildings. A comprehensive and up-to-date online resource guide to suppliers, practitioners, and courses is also included.

The Author

Adam Weismann & Katy Bryce work with lime and clay on a daily basis through their company, **Clayworks**. They learnt these skills through restoring ancient vernacular buildings in Cornwall, and then began to apply the traditional techniques and materials to contemporary 'eco' builds. They have a passionate belief in the power of using these natural materials to benefit the health and well being of people, buildings and the environment. Adam and Katy are the authors of *Building with Cob* and *Using Natural Finishes* for Green Books.

CLAY & LIME RENDERS PLASTERS & PAINTS

A how-to guide to using natural finishes
